## The Company Profile

Continuous improvement and commitment to quality. Beauty and, customer satisfaction are the foundation of philosophy.

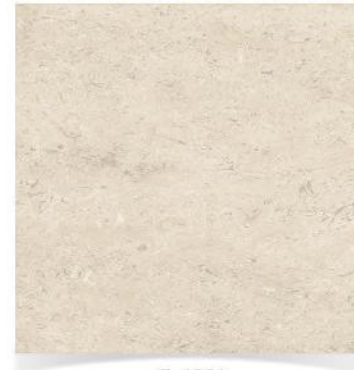

Committed to the protection of the environment as well, continuous manufacturing improvement have insured that the company's activities do not harm the environment and follow a very strict policy concerning all stages of the production process.

Today's Ceramic market is highly competitive. Quality is prime requirement of the market. Each and Every customer is demanding new designs and wide ranges along with high quality. To offer high level quality and new designs, wide range to market, we are coming with best techno machinery in this field

To produce the high quality tiles with superior worth we are using superior quality raw materials. We are having our own imported high equipped lab draws to superior quality of tiles and testing all raw materials with high class lab equipments.

Believes in continuous **R & D** eager to offer revolutionary range of products. As positive step towards this we have **Soluble Salt** series with **NANO Technology** in various size in our portfolio.

We believe it is better to lose money than trust. Truth is that customer is god for us so to get happy our god we need to be honest in our work and pledge. so it is our inherent principal to offer remarkable vitrified tiles with uphold quality because we are being committed to uphold quality at every stage and maintain consistency to win the trust of our valued customers nationwide. also the company's credibility & standards do not allow it to compromise on quality.
